## Bid Specifications

Dimensions and Capacities	Benefit
1) The Advertising Panel will be capable of using sticker type media to display ads.	Allows customers to have flexibility in advertising format.
2) The Advertising Panel will be able to be installed in the field using common tools.	Allows customers flexibility during installation and retrofit.
Safety and Construction	Benefit
1) All parts of Advertising Panel and mounting hardware shall be made of corrosion resistant materials.	Ensures a long corrosion free existence in an environment including constant exposure to the weather and to the bus wash.
2) All parts of the Advertising Panel shall be replaceable in the field with hand tools.	Allows for an easily-maintained fleet.
3) All corners of the Advertising Panel shall have drain holes.	Ensures water does not pool during rack use.
4) The Advertising Panel shall include a warranty against manufacturing defects for a period of one year.	The manufacturer stands behind the product.
Operation	Benefit
1) The Advertising Panel shall not interfere with normal operation of the bicycle rack.	Allows the user to have a seamless loading and unloading experience.
